A big advantage for your little one's future.

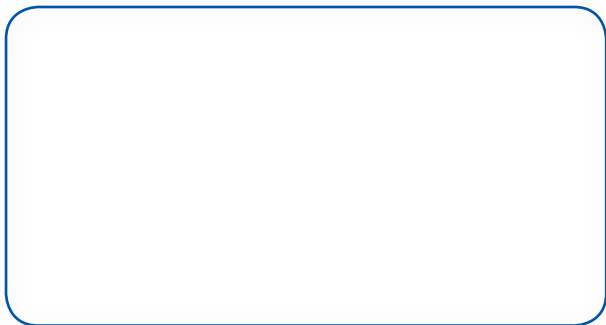

Insuring your child at a young age guarantees that he or she has insurance now and has the ability to get insurance in the future.

- Available for children from 15 days to 17 years of age.
- Your child remains covered and insurable until 25 even if he or she develops certain health problems.*
- Once your child reaches 25, he or she can convert Youth Plus into permanent or term life insurance without proof of insurability for a larger protection (up to a maximum of \$250,000).*
- Should your child be diagnosed with a terminal illness, Youth Plus's living benefit will allow you to access part of your coverage in order to help you take better care for your child.**

*Note: Restrictions apply.

**The death benefit paid will be reduced by the amount of the living benefit paid out.
